PROFESSIONAL SUMMARY

MCA student specializing in Generative AI with hands-on experience in Python, AI agents, prompt engineering, machine learning, and application development. Experienced in building AI-powered and data-driven projects using Python, Streamlit, SQL, and modern development tools. Interested in LLM application development, REST API integration, agent evaluation, and deploying reliable AI solutions to solve real-world business problems. Strong problem-solving, communication, and rapid-learning skills.

TECHNICAL SKILLS

Languages & Frameworks: Python (Django), HTML, CSS, C, C++, Java

Data Science & ML: NumPy, Pandas, Matplotlib, Scikit-learn

Databases: MySQL,SQLite

Tools: VS Code, GitHub, MS Word, MS Excel,Streamlit

Generative AI: Gemini, Google AI Studio, AI Agents, Prompt Engineering

EDUCATION

Master of Computer Applications (MCA), *Alliance University* 12/2025 – 06/2027 | Bangalore
CGPA (till Semester 3): 8.4

Bachelor of Computer Applications (BCA), *St. Francis de Sales College* 2021 – 2024 | Bangalore
CGPA: 7.9

PROJECT

CymbalMart Shopping Agent
Google AI Studio, Gemini, React, TypeScript
Developed an AI-powered shopping assistant that converts natural-language event requirements into personalized, budget-conscious product recommendations and curated shopping carts.

Community Resource Sharing System
Java Spring Boot , Streamlit ,SQLite
Developed a platform that enables users to donate or request unused household items, promoting resource sharing within communities

Green Route Travel Recommendation System
Python, Machine Learning, Streamlit
Built an eco-friendly travel route recommendation system for Indian cities using machine learning models and route optimization algorithms.

INTERNSHIP/EXPERIENCE

1M1B Green Internship , *Intern* 02/2026 – 03/2026 | Remote
Implemented distance-based emission calculations, data processing, and interactive visualizations using Pandas, Streamlit, and Plotly to support environmentally responsible travel decisions.

CCSI Computer Education, Bangalore, *IT Trainer* 04/2025 – 11/2025 | Bangalore,India
Conducting programming sessions in Python, Java, C, and C++. Providing practical coding guidance and supporting students in projects.

Academor , *intern* 02/2024 – 03/2024 | Remote
Applied Python, Pandas, NumPy, Scikit-learn, and Matplotlib to perform data preprocessing, exploratory data analysis, machine learning model development, and visualization for real-world datasets.

CERTIFICATES

- Engineer AI Agents with Agent Development Kit (ADK)-Google
- Introduction to Front End Development-Meta
- Data Analysis with Python-IBM
- Introduction to Databases-Meta
